THE MOST EXTRAORDINARY MEDICINE IN THE WORLD.

This Extract is put up in quart bottles; it is sist times cheaper, pleasanter, and warranted superior to any sold. It cures without womiting, purging, sickening or debilitating the patient.

The great beauty and superiority of this Sarsaparilla over all other medicine is, that while it eradicates the disease, it invigorates the body. It is one of the very best And Grave Stone Agency. their muscular energy by the effects of medicine or in-discretion committed in youth, or the excessive indul-gence of the passions, and brought on a general physi-cal prostration of the nervous system, want of ambition, fainting sensations, premature decay and decline, has-tening towards that fatal disease, Consumption, can be entirely reslored by this pleasant remedy. This Sarva-parilla is far superior to any invigorating Cor-dital. As it renews and invigorates the system, gives scrivity to the limbs, and strength to the muscular sys-tem, in a most extraordinary degree.

Rheumatism —This is only one of more than four thousand cases of rheumatism that Dr. Townsend's Sarsaparilla has cured. The most severe and chronic cases are weekly eradicated by its extraordinary vir-

lowing from an intelligent and respectable Farmer in

tion in our circulars for cases like hers, we thought, as she was in very delicate health, we would give her some

of your Sarsaparilla, and are very glad we did, for it not only restored her strength, but she has had no return

of the Fits, to our great pleasure and surprise. She is fast becoming rugged and hearty, for which we feel grateful. Yours, respectfully, JOHN BUPLER, jr. Female Medicine. Dr. Townsend's Sarparilla is a sovereign and speedy cure for incipent Consumptions.

is a sovereign and speedy cure for incipent Consumption, barrenness, prolapsus Uteri, costiveness, piles, leucorrhœa, and for the general prostration of the female system—no matter whether the result of inherent cause or causes, produced by irregularity, illness or accident. Nothing can be more surprising than its invigorating effects on the human frame. Persons all weakness and lassitude, from taking it, at once become robust and full of energy under its influence. It immediately counteracts the nervelessness of

ness. It will not be expected of us, in cases of so deli-cate a nature, to exhibit certificates of cures performed,

but we can assure the afflicted, that hundreds of cases

have been reported to us.

To Mothers and Married Ladies. This Ex

tract of Sarsaparilla has been expressly prepared in re-ference to female complaints. Indeed this medicine is invaluable for all the delicate diseases to which wo-

men are subject. It braces the whole system, renews

permanently the natural energies, by removing the im-purities of the body, not so far stimulating as to produce subsequent relaxation, which is the case of most medi-

cines taken for female weakness and disease. By using a few bottles of this medicine, many severe and painfu

surgical operations may be prevented.

Great blessing to Mothers and Children

Beauty & Health. Cosmetics, chalk, and a va

and variegated flowers. A free, active and healthy cir-culation of the fluids of the coursing of the pure, rich blood to the extremities, is that which paints the coun-

tenance in the most exquisite beauty. It is that which imparts the indescribable shades and flushes of loveliness that all admire, but none can describe. This beauty is the offspring of nature—not of powder or seap. If there is not a free and healthy circulation, there is no

beauty. If the lady is fair as driven snow, if she paint and use cosmetics, and the blood is thick, cold and im-pure, she is not beautiful. If she be brown or yellow, and there is pure and active blood, it gives a rich bloom to the cheeks, and a brilliancy to the eyes that is fasci-

This is why the southern, and especially the Spanish ladies, are so much admired. Ladies in the north who take but little exercise or are confined in close

rooms, ar have spoiled their complexion by the applica-tion of deleterious mixtures, if they wish to regain clas-ticity of step, buoyant spirits, sparkling eyes and beau-tiful complexions, they should use Dr. Townsend's Sar-saparilla. New York, April 28, 1847.

Dr. Townsend—I verily believe that your Serssparilla has been the means, through Providence, of saving my life. I have for several years had a bad cough. It became worse and worse. At last I raised large quanties of blood, had night sweats, and was greatly debilitated and reduced, and did not expect to live. I have only used your Sarsaparilla a short time, and there has a wonderful change been wrought is me. I am now able to walk all over the city. I raise no blood, and my cough has left me. You can well imagine that I am thankful for these results. Your obedient servant,
